

TOWN OF LILLINGTON MAJOR SITE PLAN APPLICATION

Planning & Inspections Department
102 East Front Street, PO Box 296 Lillington NC 27546
• phone 910-893-0311 • fax 910-893-3693
lillingtonnc.org

PROCESS INFORMATION:

Submission Requirement: After holding a pre-application meeting, applicants shall submit major site plans to the Planning & Inspections Department. Per Section 7.02 of the Lillington Unified Development Ordinance (UDO), the Technical Review Committee (TRC) is charged with reviewing and approving all major site plans for their compliance and consistency with the intent of the UDO and other adopted plans and policies.

Review Process: Upon the TRC's determination of compliance, the plan shall be approved. *If the major site plan is part of a Conditional Zoning District, see Section 7.11 of the UDO for process procedures.*

GENERAL INFORMATION:

- _____ A petitioner must complete this application in full. This application will not be processed unless all information requested is provided.
- _____ Two (2) paper copies of the plans at a scale not less than 1 inch = 50 feet (digital copies of the plan sheets should be emailed after submission of paper copies)
- _____ The filing fee. * *Town of Lillington fees and charges are subject to change without notice.*
- _____ Each application shall be accompanied by, at minimum, an Existing Conditions Map and Master Plan per Section 7.02.4 of the UDO.
- _____ The application must be signed by the owner or by an authorized agent of the property.

Applicant Print Name Applicant Signature Date

EXISTING CONDITIONS INFORMATION:

As part of the major site plan, an existing conditions map should be provided to identify existing developed conditions and natural features including, but not limited to, the following:

- _____ Rights of way
- _____ Existing structures
- _____ Cemeteries
- _____ Bridges or culverts
- _____ Utilities
- _____ Driveways & curb cuts
- _____ Streets, Sidewalks, surface parking & loading areas
- _____ Existing easements
- _____ Natural features such as large stands of trees, water features, special flood hazard area, topography and soils

SITE INFORMATION:

The major site plan is intended to provide a detailed two-dimensional drawing that illustrates all the required site features including:

- _____ Site date information (i.e. zoning, land use, tax pin number, setbacks, acreage).
- _____ Buildings & parking areas
- _____ Driveways on site & adjacent properties
- _____ Location of sidewalks, pedestrian ways and open space areas
- _____ Conceptual lighting plan
- _____ Streets locations, street cross-sections
- _____ New & existing rights-of-ways
- _____ Property lines and setbacks
- _____ Required or proposed buffers,
- _____ Conceptual landscaping

Development calculations including but not limited to: density, proposed building areas, number of parking spaces, estimate impervious surface in sufficient detail to show compliance with the UDO.

Conceptual location of subsurface utilities. Detailed engineering drawings such as (e.g., water and sewer) and on-site stormwater facilities are not required for major site plans, except that horizontal water and sewer locations shall be indicated as required by the utility provider.
